The Pine Hollow Half Marathon is a combination on-road / off-road event. The Coyote 4-Mile is an off-road event, with dirt paths, gravel roads, and just a bit of trail. Both races start on the gravel road within the Pine Hollow campground and finish lakeside at Pine Hollow Reservoir next to Angler's.

The Pine Hollow Half Marathon starts with a scenic and gently rolling 9.1-mile clockwise loop around the reservoir on chipseal pavement. Participants from the Start heading out of the campground will turn left onto Pine Hollow Access Road, and then turn right at Ross Road. Ross merges right onto Wamic Market Road, then merges straight onto Dodd Road, which becomes FA Morrow Road. FA Morrow completes the circle, crossing Ross Road to become Pine Hollow Access Road, alongside the campground. The entire course is well marked with flour and cones. At the end of this road, just past the campground entrance, half-marathon runners turn left onto the remainder of their course, which is the same course as the Coyote 4-Mile.

The Coyote 4-Mile Starts by turning right (south) onto the access road, and then left onto a gravel road leading to the south dike. Here flagging replaces the cones, following the dirt path along the lake toward the Fire Department. At the south boat ramp, cones will mark the path onto and along the gravel road, along the southeast edge of the lake, and up through our (well-celebrated) Temptation Station to Camp Morrow. More cones and flagging mark the trail around the creek and up to Keg Road, then down to the north dike path, which ends at the restaurant, where the Finish line stretches along the beach.

The half marathon will have three water stations, in addition to our Temptation Station.

Come up Friday or Saturday and enjoy the festivities.
